

Alliance Machinery announce acquisition of CV Print and Pak

Friday 27 January 2023: The incorporation of the business into Alliance Machinery gives CV Print and Pak a far wider nationwide reach as well as a formal after sales support footprint in KZN, the Western Cape as well as Gauteng.

In addition, Alliance Machinery has a flourishing export market servicing leading printing and converting companies throughout sub Saharan Africa and the Islands.

All CV Print and Pak staff members will be retained and we wish to ensure all customers that it's business as usual but with the added benefit of an increased market footprint and wider pool of technical support and expertise.

The full integration of CV Print and Pak into Alliance Machinery will be completed by 1 March 2023 and all transactions thereafter will be effected through the new entity - Alliance Machinery incorporating CV Print and Pak.

We sincerely trust that we will continue to enjoy the loyal support of our valued customers and suppliers in the years to come.

About Alliance Machinery :

Alliance Machinery was formed nearly 11 years ago with Bradley Bate at the helm. Alliance Machinery is a premium supplier of equipment and services to the packaging, printing and converting industries and has developed a solid reputation for supplying top end goods and services throughout the sub Saharan region.

About CV Print and Pak:

CV Print and Pak was founded 13 years ago by Chris Viviers and supplies packaging printers in Southern Africa with a range of high-quality products and consumables for print quality enhancement and consistency, process stability and overall press and plate performance management.

Combined, Brad, Chris and their teams have well over 100 years' experience in the field of printing and process management which guarantees customers a formidable one stop proficiency shop.
